

**Consent to admission criteria  
end-of-life palliative care**

Last name and first name	Health care number (RAMQ)

1. The client consents to the sharing of information required and relevant to the application for admission to Résidence Le Monarque.
2. The client is 18 years of age or older.
3. The client is in the palliative phase of his illness(es), regardless of the pathology. Care is based on a holistic approach to the person, which includes meeting their biopsychosocial and spiritual needs, and which also offers support to their loved ones. Level of care D has been discussed with a doctor and signed by the doctor and the client, to ensure comfort only without aiming to prolong life.
4. The prognosis for life is less than 3 months and must have been established by a doctor. The prognosis can be validated by the use of the performance scale for patients in palliative care (PPS) or that of Karnofsky and must present a percentage equal to or less than 50%.
5. The resident who presents a stable or improved clinical condition and whose length of stay turns out to exceed 12 weeks will be reassessed and redirected to another living environment adapted to his needs. If necessary, this orientation could even be done in the shorter term.
